in the orders noted against each. The alienation was

for

for the purpose of a school, garden, playground and teachers quarters and was also subject to a ground rent at Rs. 12-8-0 per acre per annum.

2. The Secretary of the Mission has applied for the -- alienation of land revenue as the lands are all used for school purposes. The Mission does not charge fees for tuition or rent for the teachers' quarters. It does not derive any profit from the School and is supported chiefly by Government grants and also by private donations. The Director of Public Instruction also recommends the ~~xxx~~ alienation of land revenue. The Board supports his -- recommendation. The alienation will be subject to the following conditions :-

(i) The lands shall be used as the site of a school, play ground, garden and teachers' quarters and for no -- other purpose and

(ii) full land revenue will be levied if at any time any net income is derived from the lands, if the recognition is withdrawn, if fees are charged for tuition or if rent is charged for the teachers quarters.

3. Under the terms of alienation, ground rent had to be collected from the date of the grant but it was not collected in these cases. In 1932 the demand was first made on the Depressed classes Mission for Rs. 153-2-0 representing the amount due for that year and the arrears of previous years. The Collector reports that the collection of the amount has been stayed and that the amount was never included in the demand by the Village

3

Officers and that the matter was entirely lost sight of in
the Taluk Office. A. Sasano income is derived from the --
school, the Collector recommends that the recovery of ground
rent on the lands in question for the previous faslis may
be waived. The Board supports the Collector's recommenda-
tion.
